Information for Investors

The Computer Bureau Group provides another new service to the community in the daily table of New Zealand Company Shares shown for the first time on this page. Computer Bureau provides this vital information from its Christchurch computer centre each evening for "The Press" after the close of stock exchange trading.

This is just one instance of the variety of services that Computer Bureau can provide, ranging through all the normal accounting applications — debtors, sales analysis, creditors, private ledger, payroll, stock control, share register — to local body rating and electoral rolls, library book issues and even type setting.

Computer Bureau is the largest independent service bureau in New Zealand with computer centres in Auckland, Hamilton, Wellington and Christchurch and is backed by some of New Zealand's best known companies.

If you are thinking of computerising, the Bureau can offer you two large computers in Christchurch working round the clock and a large staff of computer professionals to attend to your systems requirements.

In the past two months the following local concerns have all opted to make use of the Bureau's expertise and efficiency:

Ashburton County Council	— rates
Bing Harris Sargood Ltd.	— payrolls, indent order analysis
Brother Distributors Ltd.	— debtors and sales analysis
Canterbury Public Library	— book issues
Christchurch City Council	— electoral roll
Geraldine County Council	— creditors
E. C. Gough Ltd.	— creditors and private ledger
Millers Ltd.	— creditors and private ledger
Morton Macfarlane (Timaru) Ltd.	— buyers and growers accounting
Whitcoulls Ltd.	— N.Z. Trotting Conference Stud Book typesetting

... and 'The Press'
